

# Kharif output to match last year's level: Agri secretary

SANDIP DAS  
New Delhi, September 15

DESPITE HEAVY RAINS impacting paddy and pulses crops in parts of Punjab, Rajasthan and Telangana, overall output of kharif crops — paddy, pulses, oilseeds — would not be lower than last year's level because of higher sowing this year, a senior official said on Monday.

"Overall, the position is that the loss of crop will be there, but there would not be major impact on productivity," Devesh Chaturvedi, secretary, department of agriculture and farmers' welfare, told FE on the sidelines of the national conference on agriculture for the upcoming winter or rabi crops.

Chaturvedi said prospects of a bumper kharif crop production, as expected earlier, would not happen, but the output would not be less than previous year on higher sown areas.

"Wherever there is ade-

## HIGHER SOWING

Sowing of kharif crops, (y-o-y) change (%)

Source: agriculture ministry, total sown area 111.08 million hectare (MH) as on September 12, 2025, against normal sown area of 109.66 MH, including jute & mesta

quate rainfall, in those areas, the crop conditions are robust," he said.

The kharif output of food-grains production — paddy, pulses, coarse cereals was 168 million tonne (MT) in the 2024-25 crop year (July-June) against total food grains production of 353.95 MT during the year.

Chaturvedi said for assessment of crop yield, the government will use digital satellite

imagery to ascertain the losses and productivity accurately for paddy and while for the rest of the crop physical surveys will be conducted.

To mitigate farmers' losses, agriculture minister Shivraj Singh Chouhan, in his inaugural address to the conference, has called for faster settlement of compensation to farmers hit by floods under Pradhan Mantri Fasal Bima Yojana. "We need to explore

the possibility of early sowing of rabi crops in those areas impacted by excessive rainfall this monsoon season," Chouhan said.

Meanwhile, a report by Crisil intelligence has stated that persistent heavy rainfall through August in Punjab, Haryana, Karnataka, Andhra Pradesh, and Telangana have impacted several kharif crops such as paddy, cotton, bajra, maize and gram.

# Vegetable oil imports rise 7% in August

FE BUREAU  
New Delhi, September 15

INDIA'S VEGETABLE OIL imports rose by 7% to 1.67 million tonne (MT) in August compared to the year-ago period despite a sharp drop in refined palm shipments following import duty changes, industry body Solvent Extractors Association (SEA) said on Monday.

Crude palm oil imports jumped to 0.97 MT in August from 0.7 MT a year ago. However, crude sunflower oil imports fell to 0.25 MT from 0.28 MT, while crude soybean oil imports declined to 0.36 MT from 0.45 MT, according to SEA.

"The government's decision to increase the duty difference is a bold and timely move and it started discouraging import of refined palmolein and shifted demand back to crude oils, thereby revitalising the domestic refining sector," according to SEA statement.

However, overall import of vegetable oils during November-August declined by 7% to 12.69 MT compared to the same period in 2023-24 oil year.

# Unemployment rate dips, more female youth jobless

● 5.1% fall in Aug marks 2nd straight month of decline

SIDDHARTH UPASANI  
New Delhi, September 15

UNEMPLOYMENT AMONG THE female youth rose for the third time in four months in August, according to data from the statistics ministry's latest Period Labour Force Survey (PLFS), even as the all-India unemployment rate declined to a joint five-month low of 5.1%.

As per the PLFS data released by the ministry of statistics and programme implementation (MoSPI) on Monday, the unemployment rate for urban females in the 15-29 years age bracket rose to 25.7% in August, more than 10 percentage points higher than the figure for young urban males.

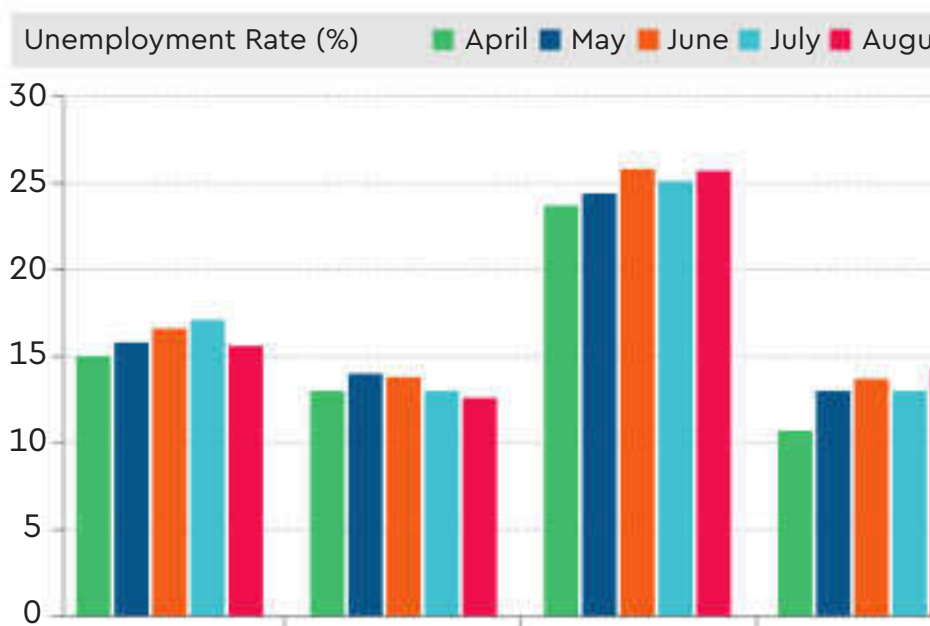

At 15.6%, the August unemployment rate for young urban males was down from 17.1% the previous month. This helped drag down the overall urban youth unemployment rate to 18% from 19%.

The picture was similar in rural India: the female youth unemployment rate rose to 14.3%, while that for males declined to 12.6%. Both numbers stood at 13% in July. The increase for females and decrease among males cancelled each other out, leading to the rural youth unemployment rate staying steady at 13% in August.

The rise in unemployment among the female youth came amid only a slight increase in their Labour Force Participation Rate (LFPR) to 21.4% from 21.1% and an unchanged Worker Population Ratio (WPR) of 17.6% at a national level.

For young males, the all-India LFPR declined to 60.7% from 60.9%, driven by a 70-basis-point (bps) drop in their rural LFPR. Young rural males

## YOUTH UNEMPLOYMENT SITUATION

Source: MoSPI; figures for 15-29 ages

also saw their WPR decline to 53.4% from 53.7%.

The monthly jobs data is based on the Current Weekly Status (CWS) approach. Under this approach, the activity status of a person is measured for the seven days preceding the date of survey. The LFPR refers to the fraction of the population seeking work, while the WPR is the percentage of employed persons in the population.

## 'Labour market showing momentum'

Commenting on the headline PLFS numbers, the statistics ministry said in a statement on Mon-

day that the labour market showed "positive momentum" in August, underpinned by the overall unemployment rate falling to 5.1% from 5.2% in July, the male unemployment rate decreasing to a new monthly low, and the female LFPR rising to 33.7%.

However, compared to April — the earliest for which monthly labour market data is available — the latest numbers are not as favourable. While the August all-India unemployment rate for those aged 15 years and above, at 5.1%, is the same as it was in April and male joblessness is 20 bps lower at 5%, the female LFPR is lower than April's 34.2%.

# Sanctioned ship carrying Russian oil switches port

NIDHI VERMA  
New Delhi, September 15

SANCTIONED VESSEL NOBLE Walker carrying Russian oil has changed course to Vadinar port after Adani Group banned entry of blacklisted ships at its Mundra port, ship tracking data showed on Monday.

The Noble Walker, carrying about a million barrels of Russian crude for HPCL Mittal Energy, was until Friday headed to Mundra, according to shipping reports and data from LSEG and Kpler.

The vessel has been black-listed by the European Union and Britain for breaching

sanctions in transporting Russian oil.

HMEL did not respond to a Reuters email seeking comment. Reuters has not been able to find any contact information for Mancera Shipping which owns Noble Walker, according to LSEG data.

Last week, Adani issued orders barring entry of vessels that are sanctioned by the EU, Britain and the United States at its 14 ports, including Mundra. HMEL and Indian Oil use the port for oil imports, including from Russia.

India has become the biggest buyer of seaborne Russian oil after Western sanc-

tions imposed on Moscow for its 2022 invasion of Ukraine.

However, India has been tightening surveillance of vessels and transactions involving Russian supplies.

Russian oil is mostly shipped by a so-called shadow fleet after the United States, EU and Britain imposed a raft of sanctions targeting vessels, traders and companies among others to curb Moscow's oil revenue, its economic lifeline.

Another sanctioned tanker, Spartan, a suezmax carrying 1 million barrels of Russian crude, was anchored near Mundra port on Monday.

# UCO Bank gets govt nod to facilitate Nayara payments

UCO BANK HAS received government approval to facilitate trade payments for Nayara Energy, according to people familiar with the matter.

Senior executives from the mid-sized state-owned lender recently met with top finance ministry officials, the people said, asking not to be identified as the discussions are private.

They were asked to take the lead in executing the payments for Nayara, which is part-owned by Russian oil major Rosneft.

Operational details, including the choice of currency, are still being worked out,

the people said. Nayara, UCO Bank and the finance ministry did not immediately reply to emails seeking comment. Nayara had approached government officials last month for help brokering a relationship with a domestic lender in order to support wire payments for crude oil imports and to help it receive payments for refined fuel product exports.
