SII contributes most to vax drive as others lag

GEETA NAIR
Pune, October 18

THE COUNTRY IS all set to reach the 100-crore vaccination mark in the next couple of days. A majority of these vaccines have been supplied by Serum Institute of India (SII). As on Monday morning, the country had administered 98.55 crore doses of the Covid-19 vaccine. On Monday, 83.30 lakh doses were administered till 7.15 pm. Nearly 88% of doses administered so far has been SII's Covishield vaccine. Apart from supplying to the Indian market, SII had also exported 6.7 crore vaccines taking the total Covishield vaccines administered to 93.39 crore.

Vaccination has been the most important tool against the pandemic. Nearly 75% of the adult population has received their first dose while around 30% have received both doses and is fully vaccinated. More than 10.72 crore vaccine doses are still available with the states and union territories.

SII has delivered more than what it had committed and helped the government keep the vaccination drive on track. From an estimated 50 crore doses expected from SII between August and December, the company would end up delivering more than double of this to the country. As the country reaches the 100 crore vaccination mark, SII would also be crossing the 100 crore production mark at its Pune vaccine manufacturing facility.

In May 2021, member Niti Aayog, VK Paul had said between August and December the country would get 216 crore doses, of which SII's contribution would be 75 crore Covishield doses, Bharat Biotech would make 55 crore doses of Covaxin and Russian Sputnik vaccine would make available 15.6 crore vaccine doses. But these targets were scaled down by June end and as per the government's affidavit in the Supreme Court, SII was to produce 50 crore doses of Covishield, Bharat Biotech was to produce 40 crore doses of Covaxin and 10 crore doses by Sputnik.

Only SII has managed to exceed these numbers. As on Sunday, SII had already delivered 86.69 crore vaccines which was 36.69 crore more doses than committed. Bharat Biotech has delivered 11.28 crore doses of Covaxin compared to the 40 crore expected from them. Russia's Sputnik has made a minor contribution of 44.88 lakh vaccines as against 10 crore doses planned from the Russian vaccine maker as rise in Covid cases in Russia had affected supplies.

WHO's technical advisory group to meet on Oct 26 to consider Covaxin

FE BUREAU
Pune, October 18

THE TECHNICAL ADVISORY Group will meet on October 26 to consider the World Health Organization (WHO) Emergency Use Licensing for Bharat Biotech's Covaxin. "WHO has been working closely with Bharat Biotech to complete the dossier.

"Our goal is to have a broad portfolio of vaccines approved for emergency use and to expand access to populations everywhere," Soumya Swaminathan, WHO chief scientist tweeted.

The EUL process is carried out by WHO and the Technical Advisory Group of independent experts who determine if the vaccine is quality-assure, safe and effective.

According to the WHO, Bharat Biotech had been submitting data to WHO on a rolling basis and also submitted additional information at WHO's request on September 27. Experts at WHO are reviewing this information and if the company addresses all questions, the WHO assessment would be finalised.

The Emergency Use Licensing by WHO is required to export the Covid-19 vaccines to low and middle income countries.

On Monday, WHO said that it was aware that people were waiting for its recommendation for Bharat Biotech's Covaxin, but it could not cut corners and had to evaluate its safety and effectiveness before a emergency use listing.

Setting new records, Indian start-ups raise over $10 bn in Q3CY21: PwC

FE BUREAU
Bengaluru, October 18

INDIAN START-UPS HAVE set new funding records in Q3 of CY21, with investments crossing the $10 billion mark during the quarter, consultancy firm PwC India said in a report on Monday.

Indian tech start-ups raised a quantum of $10.9 billion in capital during the third quarter (Q3CY21) across 347 deals, which is approximately a two-fold rise compared to the same period last year.

PwC India report titled, "Startup Perspectives — Q3 CY21" also pointed out that funding activity had heightened across all start-up verticals sectors, both in terms of value as well as volume.

Approximately 84% of the funding activity was driven by growth and late-stage deals. However, these represented approximately 39% of the total deal activity (count terms).

Around 61% of the total deal activity consisted of early-stage funding (seed, pre-series, angel) rounds amounting to $1.6 billion with an average ticket size per round of $4 million, according to the PwC report.

Start-ups in pre-IPO stages such as Ola, Droom, and Pine Labs have also raised around $880 million in capital in CY21.

However, fintech, edtech and SaaS remained the top-most funded sectors in CY21, together accounting for approximately 47% of the total funding activity.

The fintech sector saw a four-fold increase in funds raised in the first three quarters of CY21 when compared to the first three quarters of CY20. Around six fintech companies including BharatPe, OfBusiness, Zeta, Groww, CRED, and Digit Insurance attained unicorn status in the same year.

In the first three quarters of 2021, fintech startups raised a total of $4.6 billion, a three-fold increase from $1.6 billion in 2020. Investments worth $2.5 billion across 53 deals were recorded in Q3CY21 across various stages of investment. Fintech startups in the insurance, wealth management and neobanks segment particularly saw renewed interest from investors this year.

ભારત અને ઈઝરાયેલ એફટીએ બાબતે નવેમ્બર માસથી મંત્રણા ફરી શરૂ કરશે

પીટીઆઈ
જેરૂસલેમ, તા.૧૮

ભારત અને ઈઝરાયેલ આવતા મહિનેથી ફ્રી ટ્રેડ એગ્રીમેન્ટ (એફટીએ - મુક્ત વેપાર સંધી) પર વાતચીત ફરી શરૂ કરવા માટે સહમત થયા છે અને બન્ને પક્ષો આવતા વર્ષના જૂન સુધીમાં લાંબા ગાળાની પડતર બાબતો પૂર્ણ કરવા વિશ્વાસ ધરાવે છે. વિદેશ મંત્રી એસ જયશંકરે જણાવ્યું હતું કે, અમારા અધિકારીઓ નવેમ્બરમાં ભારત અને ઈઝરાયેલ વચ્ચે મુક્ત વેપાર સંધી પર વાતચીત ફરી શરૂ કરવા માટે તૈયાર થયા છે. તેમને વિશ્વાસ છે કે, તેઓ જૂન સુધીમાં આ વાતચીત પૂર્ણ કરશે.

છેલ્લા એક દસકથી બન્ને પક્ષો મુક્ત વેપાર બાબતે વાતચીત કરી રહ્યા છે પરંતુ આ પ્રથમ વખત બન્યું છે કે, એક નિશ્ચિત સમય મર્યાદા નક્કી કરવામાં આવી છે. જે આ પ્રક્રિયા બાબતે ગંભીરતા સૂચવે છે.

બન્ને પક્ષો તરફથી કેટલાંક મુદ્દા પર જાહેરાતો થઈ છે પરંતુ સંધી હજુ પૂર્ણ થઈ નથી. ઈઝરાયેલ પક્ષે ત્યાના કાર્યકારી વડાપ્રધાન લેપિડે ભાર મૂક્યો હતો કે, આ સંધી જેમ બને તેમ ઝડપથી તૈયાર થાય.

આ સંધી બન્ને દેશોના અને વેપારના હિતમાં છે. લેપિડે જણાવ્યું હતું કે, હું આપણા દેશો વચ્ચે મજબૂત મિત્રતા કરવા માટે અતિઉત્સાહી છું. તેમણે જણાવ્યું હતું કે, ભારત અમારો સૌથી મહત્વનો એક ભાગીદાર જ નહીં પરંતુ મિત્ર પણ છે.

લેપિડે જણાવ્યું હતું કે, અમે ઘણાં વર્ષોથી ભારતને સૌથી મહત્વનો ભાગીદાર સમજીએ છીએ.

ભારતે સહકાર માટે નવી તકો શોધી છે. બન્ને મંત્રીઓએ જળ અને કૃષિ ક્ષેત્રમાં વધુ સહકાર માટે પણ ચર્ચા કરી હતી. ભારતની આગેવાનીમાં બનેલા ઈન્ટરનેશનલ સોલાર એલાયન્સ (આઈએસએ)માં ઈઝરાયેલ પણ જોડાયું છે. ભારતના મંત્રી જયશંકર અને ઈઝરાયેલના ઊર્જા મંત્રી કેરિન એલહરારે આ અંગે કરાર પર હસ્તાક્ષર કર્યા હતા.

SII contributes most to vax drive as others lag

GEETA NAIR
Pune, October 18

THE COUNTRY IS all set to reach the 100-crore vaccination mark in the next couple of days. A majority of these vaccines have been supplied by Serum Institute of India (SII). SII contributes most to vax drive as others lag

GEETA NAIR
Pune, October 18

THE COUNTRY IS all set to reach the 100-crore vaccination mark in the next couple of days. A majority of these vaccines have been supplied by Serum Institute of India (SII). As on Monday morning, the country had administered 98.55 crore doses of the Covid-19 vaccine. On Monday, 83.30 lakh doses were administered till 7.15 pm. Nearly 88% of doses administered so far has been SII's Covishield vaccine. Apart from supplying to the Indian market, SII had also exported 6.7 crore vaccines taking the total Covishield vaccines administered to 93.39 crore.

Vaccination has been the most important tool against the pandemic. Nearly 75% of the adult population has received their first dose while around 30% have received both doses and is fully vaccinated. More than 10.72 crore vaccine doses are still available with the states and union territories.

SII has delivered more than what it had committed and helped the government keep the vaccination drive on track. From an estimated 50 crore doses expected from SII between August and December, the company would end up delivering more than double of this to the country. As the country reaches the 100 crore vaccination mark, SII would also be crossing the 100 crore production mark at its Pune vaccine manufacturing facility.

In May 2021, member Niti Aayog, VK Paul had said between August and December the country would get 216 crore doses, of which SII's contribution would be 75 crore Covishield doses, Bharat Biotech would make 55 crore doses of Covaxin and Russian Sputnik vaccine would make available 15.6 crore vaccine doses. But these targets were scaled down by June end and as per the government's affidavit in the Supreme Court, SII was to produce 50 crore doses of Covishield, Bharat Biotech was to produce 40 crore doses of Covaxin and 10 crore doses by Sputnik.

Only SII has managed to exceed these numbers. As on Sunday, SII had already delivered 86.69 crore vaccines which was 36.69 crore more doses than committed. Bharat Biotech has delivered 11.28 crore doses of Covaxin compared to the 40 crore expected from them. Russia's Sputnik has made a minor contribution of 44.88 lakh vaccines as against 10 crore doses planned from the Russian vaccine maker as rise in Covid cases in Russia had affected supplies.

WHO's technical advisory group to meet on Oct 26 to consider Covaxin

FE BUREAU
Pune, October 18

THE TECHNICAL ADVISORY Group will meet on October 26 to consider the World Health Organization (WHO) Emergency Use Licensing for Bharat Biotech's Covaxin. "WHO has been working closely with Bharat Biotech to complete the dossier.

"Our goal is to have a broad portfolio of vaccines approved for emergency use and to expand access to populations everywhere," Soumya Swaminathan, WHO chief scientist tweeted.

The EUL process is carried out by WHO and the Technical Advisory Group of independent experts who determine if the vaccine is quality-assure, safe and effective.

According to the WHO, Bharat Biotech had been submitting data to WHO on a rolling basis and also submitted additional information at WHO's request on September 27. Experts at WHO are reviewing this information and if the company addresses all questions, the WHO assessment would be finalised.

The Emergency Use Licensing by WHO is required to export the Covid-19 vaccines to low and middle income countries.

On Monday, WHO said that it was aware that people were waiting for its recommendation for Bharat Biotech's Covaxin, but it could not cut corners and had to evaluate its safety and effectiveness before a emergency use listing.

Setting new records, Indian start-ups raise over $10 bn in Q3CY21: PwC

FE BUREAU
Bengaluru, October 18

INDIAN START-UPS HAVE set new funding records in Q3 of CY21, with investments crossing the $10 billion mark during the quarter, consultancy firm PwC India said in a report on Monday.

Indian tech start-ups raised a quantum of $10.9 billion in capital during the third quarter (Q3CY21) across 347 deals, which is approximately a two-fold rise compared to the same period last year.

PwC India report titled, "Startup Perspectives — Q3 CY21" also pointed out that funding activity had heightened across all start-up verticals sectors, both in terms of value as well as volume.

Approximately 84% of the funding activity was driven by growth and late-stage deals. However, these represented approximately 39% of the total deal activity (count terms).

Around 61% of the total deal activity consisted of early-stage funding (seed, pre-series, angel) rounds amounting to $1.6 billion with an average ticket size per round of $4 million, according to the PwC report.

Start-ups in pre-IPO stages such as Ola, Droom, and Pine Labs have also raised around $880 million in capital in CY21.

However, fintech, edtech and SaaS remained the topmost funded sectors in CY21, together accounting for approximately 47% of the total funding activity.

The fintech sector saw a four-fold increase in funds raised in the first three quarters of CY21 when compared to the same period in CY20. Around six fintech companies including BharatPe, OfBusiness, Zeta, Groww, CRED, and Digit Insurance attained unicorn status in the same year.

In the first three quarters of 2021, fintech startups raised a total of $4.6 billion, a three-fold increase from $1.6 billion in 2020. Investments worth $2.5 billion across 53 deals were recorded in Q3CY21 across various stages of investment. Fintech startups in the insurance, wealth management and neobanks segment particularly saw renewed interest from investors this year.
