Mumbai Port's successful handling of three exceptionally heavy Over Dimensional Cargo (ODC) packages

Mumbai Port's successful handling of three exceptionally heavy Over Dimensional Cargo (ODC) packages, weighing 718 MT, 502 MT and 232 MT, through a specialised Barge Roll-Off operation. The cargo, transported by coastal barge from Dahej to Mumbai Port, is being handled and stored at the Port for onward export to Abu Dhabi. The operation highlights Mumbai Port's specialised heavy lift and project cargo capabilities, as well as the role of coastal shipping and port infrastructure in supporting the movement of Indian-manufactured industrial equipment to international markets.

Mahatransco Engineers Should Harness AI to Enhance Skills: Vikram Kumar

Maharashtra State Electricity Transmission Company Ltd (Mahatransco) Chairman and Managing Director Vikram Kumar, IAS, urged engineers to leverage Artificial Intelligence (AI) to improve skills, efficiency and productivity while adapting to emerging technologies. Addressing National Engineers' Day celebrations at Prakashganga headquarters in Bandra, Kumar said engineers and employees must work collectively towards the company's goals as Mahatransco prepares for its IPO. Additional Collector and Executive Director (HR) Suchita Bhikane highlighted the company's expanding infrastructure, including over 741 substations and a transmission network exceeding 52,000 km. She stressed continuous upskilling in renewable energy, smart grids, digital substations, AI, drone technology and cybersecurity. The programme featured tributes to Sir M. Visvesvaraya, felicitations of engineers and presentations of research papers.

UPDATE (MSEDCL)

MSEDCL Detects 27,964 Power Theft Cases Worth ₹66.28 Crore Using AI

Maharashtra State Electricity Distribution Company Limited (MSEDCL) detected 27,964 electricity theft cases involving ₹66.28 crore across Maharashtra between June and August 2026, using Artificial Intelligence (AI)-based analysis and 190 flying squads. The company issued assessment bills worth ₹66.28 crore in 24,508 verified cases and recovered ₹29.85 crore from 10,810 cases. Criminal cases have been registered in 289 instances under Section 135 of the Electricity Act against offenders who failed to pay assessed charges and compounding fees. MSEDCL's AI and Machine Learning module analyses over 50 parameters, including consumption patterns and meter tampering, to identify suspected theft. Chairman and Managing Director Lokesh Chandra said the initiative aims to reduce the company's aggregate technical and commercial losses below 10% over the next three years.

Central Railway to Conduct Intensive Ticket Checking Drive from October 1 to 31

Central Railway will conduct an intensive ticket checking drive from October 1 to 31, 2026, to verify ticket authenticity and curb misuse of concessions, reservation quotas and railway passes. Passengers travelling on concessional tickets or under specified reservation quotas must carry prescribed original identity and eligibility documents. For tickets booked for multiple passengers, at least one passenger must produce the required original identity proof. Failure to do so will result in all passengers on the ticket being treated as travelling without a valid ticket, attracting penalties under applicable rules. Passengers using E-Pass/PTO must carry original identity proof and ensure the pass has been exchanged for the prescribed travel authority before commencing their journey. Special checks will cover unreserved tickets, with staff using the TTE App for verification wherever required. Central Railway has appealed to passengers to carry valid tickets and necessary original documents and cooperate with checking staff during the drive.

UPDATE (JNPA)

JNPA, IFC Partner for ₹580 Crore Blue Financing to Boost Green Port Infrastructure

Jawaharlal Nehru Port Authority (JNPA) has partnered with the International Finance Corporation (IFC), a member of the World Bank Group, to introduce India's first Blue Finance framework for the maritime sector. The US\$70 million investment will fund shore power infrastructure across JNPA terminals, enabling ships to use land-based electricity instead of diesel engines while at berth. The project is expected to reduce carbon emissions by 63%, cut air pollution by up to 90% and generate over 400 jobs. The initiative aligns with the Government of India's Maritime India Vision 2030 and Harit Sagar Green Port Guidelines. It is also among the first port infrastructure projects in Asia-Pacific under labelled blue financing and aims to establish a replicable model for sustainable maritime investments across India. JNPA Chairperson Shri Gaurav Dayal, IAS, said the IFC funding would help manage initial commercial risks, build operational experience and introduce international best practices in shore power technology. He added that the project would demonstrate its commercial viability, encourage wider adoption across Indian ports and emerging markets, and reinforce JNPA's commitment to the Harit Sagar Green Port Guidelines.
