Management Commentary :

Commenting on the performance, Dr. Sachidanand Upadhyay, Founder, Managing Director & CEO, Lord's Mark Industries Limited, said:

"We are focused on building Lord's Mark into a globally competitive enterprise with strong manufacturing foundations, technology-led capabilities and a diversified healthcare and energy business. Our financial performance reflects the progress of this strategy and the growing scale of our operations.

What makes this phase particularly important is the simultaneous advancement of several growth initiatives. We are expanding our manufacturing infrastructure, strengthening our institutional network, entering new international markets and investing in technologies that address evolving healthcare needs. Our expansion across the US, UK and Caribbean is guided by a long-term vision of taking Indian manufacturing and innovation to global markets. We are building capabilities that go beyond geographical expansion, with an emphasis on establishing sustainable operations, regulatory readiness and long-term market presence. We believe the investments and initiatives underway today will provide an important foundation for our next phase of growth.

Medical Devices : Licences, Production and Export Orders

The medical device division has recorded a significant improvement in sales and profitability across domestic and institutional channels. The company has secured **26 additional IVD medical device** manufacturing licences, widening the range of products it can make and sell.

Production of AI-based dialysis machines has commenced at the Bengaluru facility. Trials began in November 2026 at specialised healthcare centres and with domestic customers, export orders are in hand, and machines are in final-stage of testing ahead of shipments from the end of December 2026 to the UK, USA, Africa, Nepal and Bangladesh as outright machine sales.

Building Capacity and Reach

Construction of the third IVD manufacturing facility has begun, and it is expected to be operational before March 2028. The company has also strengthened its core R&D team and INR 25 Crore till March 2028.

The institutional healthcare division served 10,000 customers, including hospitals. Over next two years we are targeting 25,000 customers including hospitals & labs in IVD division. Subsidiary Lord's Mark Micro Biotech Limited has crossed 70 laboratories and collection centres across India, network will continue to grow and is expected 600 by March 2028, giving the group a wider diagnostics footprint and an advantage as principal raw material manufacturer.

Going Global: United States, United Kingdom and Caribbean

- **United States:** US subsidiary Lords Mark Industries Inc. has been established to set up a dedicated laboratory and export the full range of IVD and surgical products from India following US FDA approval.
- **United Kingdom:** The UK subsidiary has secured all necessary MHRA approvals for its range, including AI-based dialysis machines. Sales from India will begin in January 2027 and UK operations in February 2027.
- **Caribbean:** Pathology laboratories are being set up with local partners, with export sales targeted from March 2027.

Taking Indian CAR-T technology abroad: Lord's Mark has begun the regulatory and clinical processes to bring its proprietary CAR-T cancer treatment technology to the US, UK and Europe, and aims to be the first Indian company to take this cellular therapy global.

Outlook

With results scaling, approvals in hand across several products and international subsidiaries in place, Lord's Mark is moving from building capability to commercializing it. Management's priorities are to scale healthcare manufacturing, grow its institutional and diagnostics network, bring technology-led products to market and establish a lasting presence in the US, UK and other international markets. Between December 2026 and March 2028, a series of dated launches and capacity milestones will show how these investments translate into revenue.
