Heavy rain in coastal AP as Montha makes landfall

EXPRESS NEWS SERVICE @ Vijayawada

SEVERE cyclonic storm Montha made landfall near Razole in Dr BR Ambedkar Konaseema district around 8:00 p.m. Tuesday, unleashing torrential rains and high-velocity winds across coastal Andhra Pradesh. The landfall process lasted nearly four hours and sea conditions were reported as rough to very rough, prompting red alerts.

Chief Minister N Chandrababu Naidu held a high-level review at the Real-Time Governance System (RTGS) Command Centre in Amaravati on Tuesday to assess the impending impact of severe cyclonic storm

As Cyclone Montha makes landfall in Andhra Pradesh, high tides cover the road leading to Uppada village in Kakinada district on Tuesday | PRASANTH MADUGULA

Montha. The CM directed officials to stay on high alert and execute swift relief and rehabilitation measures. The Chief

Minister ordered the immediate deployment of 10 special response teams to cyclone-prone areas. He stressed that

the presence of government officials in villages would reassure affected communities and ensure effective coordination on the ground. Naidu emphasised round-the-clock monitoring of canals, ponds, and roads for any breaches or erosion.

He also directed field-level assessment of crop damage using advanced technology, including satellite imagery and drones. All government departments were instructed to prepare detailed preliminary damage assessment reports and submit them to the centre at the earliest to expedite relief funding.

Energy department officials were directed to restore power connectivity on a war footing as soon as the cyclone's inten-

sity decreases.

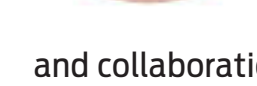

In a follow-up teleconference from the RTGS Centre, the CM interacted directly with ministers touring affected regions, District Collectors, and field officials. He sought updates from the collectors of Prakasam, Bapatla, Krishna, West Godavari, East Godavari, and Kakinada districts on cyclone preparedness and ground realities.

Special focus was placed on flood inflows into streams such as Eleswaram and Budameru. Officials informed the CM that up to 3 TMC of water could enter the Eleswaram reservoir within two days. Naidu issued strict instructions to ensure efficient flood management and prevent overflow risks.

Seminar conducted for adventure tourism operators in Coimbatore

Coimbatore: More than 100 adventure tour operators and members of the adventuring community across South India took part in the Adventure Tourism Seminar held in the city on Tuesday. The seminar was organised by the Southern Regional Office of the Ministry of Tourism, in association with the Adventure Tour Operators Association of India (ATOAI). The Adventure Tourism Seminar in Coimbatore is the second in the series of seminars being organised by the Southern Regional Office, Ministry of Tourism, covering southern states. The first seminar was organised in Hyderabad for stakeholders in Telangana in August 2025. Coimbatore's seminar reaffirmed the commitment of the Ministry of Tourism and ATOAI to foster a culture of safety, sustainability,

and collaboration, while positioning Tamil Nadu and south India as emerging hubs for adventure tourism under 'Viksit Bharat@2047'. Sanket Balwant Waghe, Additional Collector, District Rural Development Agency (DRDA), Coimbatore, in his address, said, "Coimbatore's unique geographical advantage and strong tourism infrastructure position it as a natural hub for adventure activities in South India. With the right collaboration between government and industry, Tamil Nadu can emerge as a leader in responsible and sustainable adventure tourism." District Tourist Officer, Coimbatore, said that the seminar helped adventure tour operators from Salem and Erode districts, as well as operators in neighbouring states. ENS

'Bribes were collected from candidates and sent to kingpins through hawala agents'

CONTINUED FROM PAGE 1

THE case was later closed after the Madras High Court quashed the CBI's FIR on the basis of which the ED case was filed. As part of its investigation in the TVH case, ED had raided the premises of Nehru, Ravichandran and a few others in April. Following the searches, the agency, in a statement, said that it found incriminating materials regarding corruption in the MAWS department.

The central agency has now requested the Tamil Nadu police to register an FIR against the persons named in the dossier to investigate corruption and manipulation of the exam process.

Registration of such case would enable the agency to start an independent investigation under the Prevention of Money Laundering Act (PMLA) to probe the money trail, ED said.

The ED's letter said the evidence showed that those involved in the manipulation had access to confidential information regarding the exam and selection before the results were declared.

Bribes were collected from candidates in cash by middlemen and routed to the kingpins through hawala agents, ED said. The agency further said the evidence it had showed that those who paid bribes eventually got selected and were given appoint-

ment orders and alleged that politicians and officials of the MAWS department were aware of the entire process. Additionally, the ED said it has traced the money trail, identifying that the bribes paid were laundered through specific bank accounts. The rigging and corruption in the appointments have deprived thousands of deserving candidates the opportunity to be appointed to these important government positions, the central agency said.

The ED has also raised questions on how private persons got access to confidential information pertaining to the government exam and the selection process.

CPI to boycott KL cabinet meet if CPM sticks to implementing PM SHRI scheme

Thiruvananthapuram: As the countdown starts for the crucial cabinet meeting to be held on Wednesday, both CPM and CPI are counting on their own expectations. The CPI state secretariat meeting held online on Tuesday, decided to wait for a positive response from the CPM till the cabinet meeting. If the CPM decides to stick to their position of continuing with the PM SHRI programme, the four CPI ministers will boycott Wednesday's cabinet meeting. "It is up to the CPM to make a move now. We have conveyed our position. The issue was created not by the CPI," a party leader said. Meanwhile, the CPI, in a bid to resolve the issue, has climbed down from its earlier tough stand of withdrawing from the PM SHRI programme signed between the Educational Department and the central government. CPI secretary Binoy Viswam has asked the CPM general secretary MA Baby, who on Tuesday intervened to ease the tension, that the state cabinet on Wednesday must write to the central government to freeze the programme as the state does not intend to continue with the programme. However, the CPM leadership and Educational Department is of the view that since there is no option to withdraw and the power to cancel the MoU rests with the central government, CPI's demand is not pragmatic. This has already been believed to have been conveyed to the CPI leadership by the CPM. ENS

Steady decline in enrolment in TN govt schools: Data

CONTINUED FROM PAGE 1

THE state ranked ninth from the bottom nationally, a sharp contrast to its earlier standing as one of India's best-performing states. It also fared poorly compared to the national average of 0.3% at the primary lev-

el. However, it performed better than the national average in upper primary (3.5%) and secondary (11.5%) categories.

The data further showed a steady decline in enrolment in government and aided schools, alongside a rise in private school admissions. In 2024-25,

only 2.7 lakh students enrolled in Class 1 in government schools, down from 2.8 lakh in 2023-24. Enrolment in government-aided schools fell from 97,692 to 91,694 in the same period. In contrast, private schools saw an increase, with Class 1 admissions rising from 5.17

lakh in 2023-24 to 5.62 lakh in 2024-25.

According to the report, TN had 57,935 schools in 2024-25, down from 58,722 the previous year, catering to 1.25 crore students and employing 5.49 lakh teachers. The state's pupil-teacher ratio improved slightly

to 23 from 24 last year. However, the number of single-teacher schools rose sharply to 3,671 serving 95,353 students.

The report also showed that about 98% of government schools have functional toilets, with 92.1% having functional girls' toilets and 86.9% having

functional boys' toilets. Activists have urged the School Education Department to ensure greater transparency in the out-of-school children survey, which they said should be conducted in coordination with all relevant government departments, local bodies, and NGOs.

K'taka HC stays GO on use of govt spaces

BENGALURU: In a setback to the state government, the Karnataka High Court on Tuesday stayed the state's order mandating that private organisations obtain prior permission before holding any activities in government-owned spaces. While the government order, issued earlier this month, did not specifically name RSS, the provisions of the order were said to be aimed at impacting the activities of the Hindu right wing organisation, including its route marches. Justice M Nagaprasanna granted an interim stay on the directive and posted the matter to November 17. Meanwhile, Siddaramaiah said he has directed officials to

file an appeal against the single judge bench's stay. "I have asked the officials to file an appeal before the division bench. The Dharwad bench (of HC) has given a stay order. We will appeal against this order," he told reporters here. The petition challenging the government's order was filed by an organisation named Punashcheta Seva Samsthe, which argued that the decision curtailed citizens' constitutional rights to assembly and association. Senior advocate Ashok Haranahalli, appearing on behalf of the petitioner, contended that the government's directive was an infringement on fundamental freedoms. PTI
