# TVS ILP eyes contract revenue of \$750 mn in next few years

SAJAN C KUMAR  
Chennai, August 17

TVS INDUSTRIAL & LOGISTICS Parks (TVS ILP), which is planning to double its footprint to 20 million square-feet at an investment of \$400 million, is looking at a contract revenue of \$750 million in the next few years.

TVS ILP, part of TVS Mobility group, is expanding its presence in another 35 cities across the country to double its warehousing and logistics park infrastructure to 20 million sq-ft from the current 10 million sq-ft (in 11 cities across five states) over three to four years.

The company now plans to strategically locate warehouses every 400 km across the country.

Nitin Aggarwal, president, TVS ILP said on Thursday that "contracted revenue is an important parameter that the company follows". "The client profile comes into the picture because that brings the company the certainty of revenue not only for the next year, but for the next few years as well,"

Aggarwal said. "We do believe that we are in an asset-heavy business and generating revenue for just one or two years won't do. We need to ensure that the revenue stream is absolutely frozen for the next few years. When we talk about the contracted revenue, it is of the certainty through the current contracts, basically of the revenue which will be coming for the period of the next few years," he said.

# TVS ILP eyes contract revenue of \$750 mn in next few years

SAJAN C KUMAR  
Chennai, August 17

TVS INDUSTRIAL & LOGISTICS Parks (TVS ILP), which is planning to double its footprint to 20 million square-feet at an investment of \$400 million, is looking at a contract revenue of \$750 million in the next few years.

TVS ILP, part of TVS Mobility group, is expanding its presence in another 35 cities across the country to double its warehousing and logistics park infrastructure to 20 million sq-ft from the current 10 million sq-ft (in 11 cities across five states) over three to four years.

The company now plans to strategically locate warehouses every 400 km across the country.

Nitin Aggarwal, president, TVS ILP said on Thursday that "contracted revenue is an important parameter that the company follows". "The client profile comes into the picture because that brings the company the certainty of revenue not only for the next year, but for the next few years as well,"

Aggarwal said.

"We do believe that we are in an asset-heavy business and generating revenue for just one or two years won't do. We need to ensure that the revenue stream is absolutely frozen for the next few years. When we talk about the contracted revenue, it is of the certainty through the current contracts, basically of the revenue which will be coming for the period of the next few years," he said.
