Note: Pursuant to Regulation 16A(7) of the CIRP Regulations, the voting share of a creditor in a class shall be in proportion to the financial debt which includes an interest at the rate of eight per cent per annum unless a different rate has been agreed to between the parties. Accordingly, the above reflected voting share is computed after including the interest calculated at the rate of eight per cent per annum on the principal amount. Accordingly, there is a difference between the amount considered for voting share and the amount of claim admitted in the case of financial creditors in a class, i.e., Real Estate Allottees, represented by Authorised Representative.
