According to EPFO. "EPF dues are not operational debts under IBC. They are essentially third-party dues in the company's establishments. The EPF dues are not the assets of the company to be distributed among creditors. They are workmen dues and are required to be paid before applying the waterfall mechanism for other creditors."

However, It is submitted by the applicant IRP that The EPFO claim represents statutory provident fund dues of employees, which are excluded from the liquidation estate under Section 36(4)(a)(iii) of the Code and shall be dealt with in accordance with law."(Note: The Corporate Debtor has not provided the financial records hence the claims of the Creditors are admitted on a provisional basis. Such Claims may change subsequently as we receive more claims or any additional information on existing claim or information from books of accounts maintained by the Corporate Debtor)
