in association with

STATE BANK OF INDIA

Announces Workshop on

“Committee of Creditors (CoC) : An Institution of Public Trust”

22nd APRIL, 2019

KOLKATA

The Insolvency and Bankruptcy Code, 2016, envisages market-led solutions to address insolvency. It offers resolution, wherever possible, and liquidation, wherever required, of the firm. When the firm fails to service the debt, the control of the firm shifts to creditors, represented by a committee of creditors (CoC), for resolving insolvency. While the Code has classified creditors into financial and operational creditors, it has given only financial creditors the powers to decide the fate of all the classes of creditors. In line with the spirit of the Code, CoC must pursue resolution and avoid recovery, liquidation, or sale of the firm. While pursuing resolution, it must maximise the value of the firm for the benefit of all stakeholders. Thus, the success of the whole process under the Code depends on the prudence and better understanding of the Code by CoC and every stakeholder.

OBJECTIVE

The objective of the workshop is to contribute to understanding of the requirements of the Code that CoC must:

- a. Discharge its statutory duties and responsibilities with utmost care and diligence;
- b. Have the capability and motivation to take business decision in terms of generating competitive resolution plans and approving the best among them and thereby avoid recovery, sale or liquidation;
- c. Be willing to restructure the liabilities of the CD, to the extent expedient, both in terms of value and timing; and
- d. Consider and balance the interest of all stakeholders, in a resolution process.

DELEGATES

This workshop is intended for top management and senior level officers (GM and above) of major Scheduled Commercial Banks, who constitute the most important policy determinants affecting the approach of major financial creditors towards their role in CoC.
